1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities The Butte County Tourism Business Improvement District (TBID), also known as Explore Butte County, is an assessment district formed pursuant to the Property and Business Improvement Law of 1994. The Butte County Tourism Business Improvement was formed as a tax-exempt organization under Internal Revenue Code Section 501(c)(6) in November 2015, and includes the communities of Chico, Oroville, Paradise, Biggs, and the unincorporated area of Butte County. The annual assessment rate is two percent of gross short-term room rental revenue. Utilizing assessment funds collected, Explore Butte County (the Organization) intends to strategically market the region with the goal of increasing overnight stays.

Grant funds are received to assist the operation of the Organization's programs from Butte County Department of Behavioral Health.

Basis of Accounting The financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles, and, accordingly, reflect all significant receivables, payables, and other liabilities.

Basis of Presentation The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Net assets, revenues, and expenses are classified based on the existence or absence of donor-imposed restrictions. Unrestricted net assets can include amounts that are designated by the Board of Directors, and these designations can change from year to year.

Use of Estimates The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents The Organization considers all unrestricted, highly liquid investments with an initial maturity of three months or less to be cash equivalents. At times, the Organization maintains cash deposits in bank accounts which exceed federally insured limits. The Organization has not experienced any losses in these accounts, and management does not believe it is exposed to any significant credit risk.

Fair Value of Financial Instruments Unless otherwise indicated, the fair values of all reported assets and liabilities which represent financial instruments approximate the carrying values of such assets.

Accounts Receivable Accounts receivable represent amounts due from the various cities and communities for their assessment fees. Losses on uncollectible accounts receivable are recognized when such losses become known or indicated. Management considers all accounts fully collectible.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2017

Concentrations of Credit Risk Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash balances and accounts receivable.

The Organization maintains its cash balances primarily at one financial institution. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At times, the Organization's balances exceed the insured amount.

The accounts receivable of the Organization are related to the agreements with various cities and communities and are deemed to be fully collectible.

Functional Allocation of Expenses Although not required, the costs of providing the various activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes The Organization is exempt from federal and state income taxes under Section 501(c)(6) of the *Internal Revenue Code* and Section 23701 of the *California Revenue and Taxation Code*. There is no unrelated taxable income, and accordingly there is no provision for income taxes in these financial statements. The Organization files information returns with the federal and state governments, which are open for examination by the authorities for three years after filing.

Advertising The Organization charges advertising costs to expense as incurred.

Subsequent Events Subsequent events have been evaluated through March 21, 2018, which is the date the financial statements were available to be issued.
